Amrit Podder

Frontend Developer @ Netbramha | React.js • PHP • Shopify •
WordPress Expert | Turning pixels into products Everyday
Bengaluru, Karnataka, India

Summary

Results-driven Web Developer with 8+ years of experience in designing, developing, and maintaining dynamic web applications across diverse domains. Proficient in both Front-end and Back-end technologies, with strong expertise in JavaScript, React, PHP, AJAX, REST & SOAP Web Services, and WebAR frameworks. Experienced in building scalable, high-performance applications with modern frameworks while delivering seamless user experiences.

Proven ability to work across the full development lifecycle, from concept and architecture to testing, deployment, and ongoing support. Adept at collaborating in cross-functional teams, implementing best coding practices, and optimizing workflows for efficient delivery.

Seeking to continue building a career in a high-tech, innovation-driven environment that values dedication, creativity, and technical excellence—while contributing as a critical team player to challenging and cutting-edge projects.
